

SELECTED COLLECTION

# Fire-door design references

Project enquiry &amp; configuration review

19 selected website references. Start with a style, then confirm your configuration.

Reference images illustrate design possibilities. They are not a complete product catalogue, confirmed stock list or proof of a delivered installation. Specifications, availability and final pricing are agreed for each enquiry.

SELECTION / FIRE-DOOR REFERENCES / 1 OF 7

# Fire-door references

Visual references for a model-specific technical discussion.

FD-23

Blue paired industrial door configuration

[Enquire about FD-23](#)

FD-24

Wood-grain double door with vision panels and panic bars

[Enquire about FD-24](#)

FD-25

Wood-grain single door with narrow vision panel

[Enquire about FD-25](#)

## BEFORE CONFIRMING THE ORDER

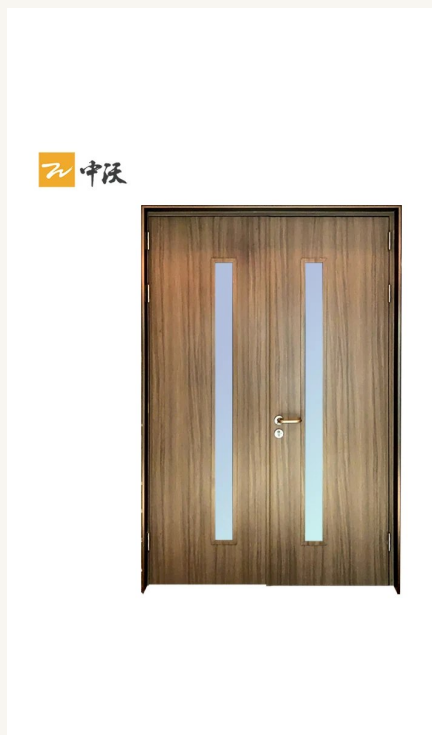

Images do not establish a rating or certification scope. Check the exact model, dimensions, frame, glazing and hardware against the project requirement.

Reference codes identify website images; they are not factory model numbers. Each image may show a different design.

SELECTION / FIRE-DOOR REFERENCES / 2 OF 7

# Fire-door references

Visual references for a model-specific technical discussion.

FD-26

Wood-grain paired doors with tall vision panels

[Enquire about FD-26](#)

FD-27

Paired corridor doors with vision panels and lever handle

[Enquire about FD-27](#)

FD-28

Fully glazed paired corridor door configuration

[Enquire about FD-28](#)

## BEFORE CONFIRMING THE ORDER

Images do not establish a rating or certification scope. Check the exact model, dimensions, frame, glazing and hardware against the project requirement.

Reference codes identify website images; they are not factory model numbers. Each image may show a different design.

SELECTION / FIRE-DOOR REFERENCES / 3 OF 7

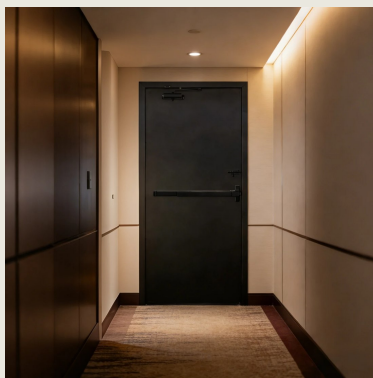

# Fire-door references

Visual references for a model-specific technical discussion.

FD-29

Brushed-metal asymmetric door configuration

[Enquire about FD-29](#)

FD-30

Dark corridor exit-door configuration

[Enquire about FD-30](#)

FD-19

Decorative lobby double doors with vision panels

[Enquire about FD-19](#)

## BEFORE CONFIRMING THE ORDER

Images do not establish a rating or certification scope. Check the exact model, dimensions, frame, glazing and hardware against the project requirement.

Reference codes identify website images; they are not factory model numbers. Each image may show a different design.

SELECTION / FIRE-DOOR REFERENCES / 4 OF 7

# Fire-door references

Visual references for a model-specific technical discussion.

FD-22

Black-framed glazed lobby double doors

[Enquire about FD-22](#)

FD-20

Square-vision double doors with exit bars

[Enquire about FD-20](#)

FD-21

Long-vision modular equipment-room double doors

[Enquire about FD-21](#)

## BEFORE CONFIRMING THE ORDER

Images do not establish a rating or certification scope. Check the exact model, dimensions, frame, glazing and hardware against the project requirement.

Reference codes identify website images; they are not factory model numbers. Each image may show a different design.

SELECTION / FIRE-DOOR REFERENCES / 5 OF 7

# Fire-door references

Visual references for a model-specific technical discussion.

FD-18

Double-leaf exit-bar and closer configuration

[Enquire about FD-18](#)

FD-17

Single-leaf exit-bar configuration

[Enquire about FD-17](#)

FD-03

Grouped product display

[Enquire about FD-03](#)

## BEFORE CONFIRMING THE ORDER

Images do not establish a rating or certification scope. Check the exact model, dimensions, frame, glazing and hardware against the project requirement.

Reference codes identify website images; they are not factory model numbers. Each image may show a different design.

SELECTION / FIRE-DOOR REFERENCES / 6 OF 7

# Fire-door references

Visual references for a model-specific technical discussion.

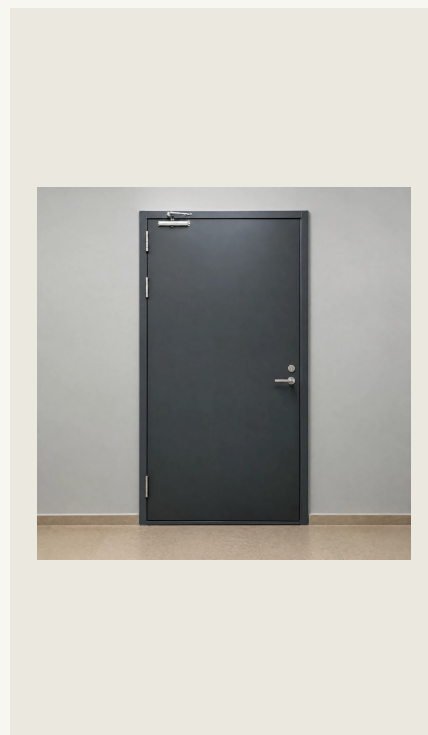

FD-04

Double-leaf vision-panel  
reference

[Enquire about FD-04](#)

FD-05

Single-leaf square vision-panel  
reference

[Enquire about FD-05](#)

FD-06

Dark flush door with overhead  
closer

[Enquire about FD-06](#)

## BEFORE CONFIRMING THE ORDER

Images do not establish a rating or certification scope. Check the exact model, dimensions, frame, glazing and hardware against the project requirement.

Reference codes identify website images; they are not factory model numbers. Each image may show a different design.

SELECTION / FIRE-DOOR REFERENCES / 7 OF 7

# Fire-door references

Visual references for a model-specific technical discussion.

FD-15

Red flush double-door corridor reference

[Enquire about FD-15](#)

## BEFORE CONFIRMING THE ORDER

Images do not establish a rating or certification scope. Check the exact model, dimensions, frame, glazing and hardware against the project requirement.

Reference codes identify website images; they are not factory model numbers. Each image may show a different design.

## YOUR NEXT STEP

# From your selection to a useful quotation.

Start with the information you already have. Unknown dimensions or quantities can be confirmed as the discussion develops.

## 01 / SELECT

Note the reference codes you like, or add several designs to your selection on the website.

## 02 / DEFINE THE REQUIREMENT

Share the project location, specified standard or rating, opening sizes, leaf arrangement, wall type, glazing and hardware. The offered model and its documentation scope need review.

## 03 / CONFIRM

Review the offered configuration, included components, packing, delivery terms, exclusions and schedule before approving the order.
